

# What Platte County Sports Commission programs or services would benefit your organization most over the next twelve months?

How interested would your organization be in sending parents, coaches, and/or officials to training classes on the following topics?

**Please list other objectives that you feel the PCSC should focus on in the next twelve months**

Finding more fields for soccer practice and perhaps helping WMSL to upgrade their facility

Connecting with local sports organization and communicating their efforts to your community. Perhaps hosting clinics coached by these organizations to introduce these organizations to your community. If the sports commission can act as the main line of communication to the public they can help the local groups be successful instead of competing against the organizations. Like KC Sports Commission does with their free sports clinic series.

Not sure right now

Resources for parents on all programs in the County. Promote sportsmanship and fundamental of the sport and the important of education for student athlete.

Creating a database for mass emailing

Increasing the number of outdoor soccer fields in PC.

Acquiring land/field space for programs that either an organization could lease or rent yearly including indoor turf space
